## Anti Defamation League Wants Broom Silenced

### Subversive Pawnshop Usurers At It Again

In the morning mail of Saturday, May 24, I received a letter signed by Sid Fuller, manager of the KGB station, informing me that the company had elected to avail itself of clause 3 of its contract to "hereby terminate" its broadcasting contract with THE BROOM. No reasons were stated and upon inquiry Fuller said that he had received orders to that effect from the general manager of the Don Lee-Mutual Broadcatsing System, Mr. Lewis Allen Weiss, with offices at 5515 Melrose, Hollywood. I attempted to reach Mr. Weiss by telephone but he was away for the weekend. Since I was scheduled to take part that evening in the San Diego Forum discussion, I asked Fuller whether the "prohib" applied to my appearance on the Forum panel and he replied that it did not, as far he knew. And as you perhaps listened in at 7:30, Saturday, you heard me take part in the Forum discussions.

The most remarkable experience of this incident is the PEACE and inner STRENGHT it brought me. When you are being harassed right and left by your own government, its modern version of the inquisitory GESTAPO, call it FBI or by some other fancy name to hide its actual un-American spirit, in those instances where the federal office holders attempt to frighten citizens from exercising their rights under the constitution; when you know that the arch-enemies of the white man, since the Aryan race started to migrate from its original cradle, those mongrels who are neither human nor beasts, offspring of depraved white men and women who fell by the wayside and went "native" so that the bastard results incarnate the weaknesses and vices of the two parent races with its beastly shrewdness, that is mistaken for "superior intelligence" when in fact it is nothing but fundamental lack of scruples and lack of the spiritual sense of responsibility which restrains the white man from taking advantage of his fellows; then, whenever you find yourself at the mercy of your enemies, you feel forsaken, perhaps. But when I read that letter that KGB had cancelled the contract, its effect was miraculous; instead of depressing me, it filled me with new zeal and with the PEACE that surpasses human understanding. I can now understand how martyrs marched singing to be burned at the stake by the anti-defamation committees of their days. It is something that just comes to you, just as you go to bed on a gloomy evening and awaken in the morning of a glorious sunshine. You did not produce either state of the weather, but there it is and it reflects its influence upon your soul.

On Monday, May 26, about 11:30 am, I dropped into the downtown office of a friend and succeeded to contact Lewis Allen Weiss, in Hollywood, by phone. Name sounds Jewish, but need not be.

"This is de Aryan, the editor of THE BROM; are you Mr. Weiss?" — "Yes, I am." —

"What happened?" — "Don't you know?" — "No, I don't". — "Didn't Mr. Fuller tell you?" —"All he said was that you ordered the contract cancelled, so he wrote me the notice of cancellation. Why did you cancel it?" — I could not do otherwise after I received a copy of THE BROOM. I had never seen your paper before, but that copy (May 19) is mostly filled with un-American propaganda, racial hatred and religious prejudice. My license is not worth the paper it is written on, if I were to allow the facilities of our system to be used for advertising such a paper."

"Now, Mr. Weiss; if you look into a mirrow and it reflects back at you a picture of racial abominations and religious deviltry, do you kick the mirror? My business and my duty as a publisher is to portray the people and the current activities which menace our American institutions and you have no right to call THE BROOM un-American because it mirrors the subversive activities of racial minorities who attempt to silence our protests and prevent our exposures by resorting to the hue and cry of religious and racial persecution and propaganda. If you call Americanism a spineless submission to the control of a racial and religious minority, then, of course, I am not that kind of an American. By the way, are you not one of the chosen people, yourself?"

"Most emphatically, not." — "Glad to hear that, but I am afraid, you don't realize my position. I have invested with you over $2,300 during the last 2¼ years of broadcasting. By comparison that amount of money costs me as much labor and sacrifices as if you would have invested two million dollars. Don't you think you acted precipitatedly in cancelling the contract without giving me some warning? I have pioneered here in San Diego in this type of work and you owe me a commission. My success has decided another weekly paper, THE HERALD, to also buy time on your station to advertise itself. And here is where you are being ludicrous. THE HERALD represents the underworld. THE BROOM represents clean government. You have cancelled my contract, but you permit THE HERALD to use the facilities of your station to fight our city council and our police department because it enforces the laws against gamblers, bookmakers and other underworld riffraff."

"I don't know your San Diego conditions, but I did not act precipitatedly. Seeing the copy of THE BROOM (May 19) which fairly reeks with anti-Semitism, even its advertisements are spreading racial hatred and religious prejudice, my license would not be worth the paper it is written on if I permitted the contract to stand. I cannot be a party to un-American activities."

"Now, as I told you before. I maintain that since it is a matter of personal viewpoint whether I am doing a public service or am spreading hatred and prejudice, I concede you the right to your own opinion about it, but the moment you charge me with un-Americanism, I challenge you to prove it. Since when is it un-American to tell the truth about those who subvert our form of government? Do you know that I am the man who has been using the facilities of your station to prevent racketeers from running hogwild over this city? Do you know that they threw me in the bay, because I dared cross their picket lines. Do you know how crooks and real estate sharks imagined they had the election to high public office in the bag, but my activities as a publisher and radio commentator stopped their election? ! I have used your station to defeat men from sitting in our courts, who did not belong there. When everybody else is scared to open their mouth I come out frankly; just recently when the labor crowd expected to take control of the city hall by carrying an election to sabotage our city charter, the city council joined hands with me in the campaign and we licked the outfit to a standstill."

"That is constructive work you are doing."

"Does it not dawn on you that somebody is trying to take me off the air and is using the charges of un-Americanism as an excuse, because I am queering their subversive ambitions in this city? Would you mind telling me who sent you that copy of THE BROOM?"

"Not at all, it was sent by the Anti-Defamation Committee."

"Now there you have it. That's the outfit that I have been fighting for years. They incited to boycott against Gentile merchants and when I exposed them they started boycotting me and they called on my advertisers threatening them with extinction if they continued advertising in THE BROOM. They stopped that procedure only when I cited the federal statutes which prescribe 10 years in the penitentiary for conspiracy to deprive a citizen of the exercise of his constitutional rights. And you are proposing to take me off the air because I am exposing that gang and its subversive influence in our community while you permit THE HERALD to use your facilities in the interest of the underworld to undermine our police department and high pressure our city administration?"

"I don't propose doing anything of the kind, Mr. de Aryan. I do not propose to blacklist you. In all matters of public interest our facilities are open to you. We always permit both sides to present their views on any controversial subject. I don't know your local San Diego conditions, but you can buy time on our station in the public interest."

"You men to say, you are willing to write a new contract with me personally, but not with THE BROOM?"

"That's exactly what I mean. I had to refuse a large contract with Judge Rutherford, because of his religious prejudice. I cannot advertise THE BROOM because of its racial and religious bias, but any citizen who uses our facilities for constructive work as you have been using it, is welcome to continue this constructive work. You see our local manager about it."

And after exchanging the amenities of the occasion our conversation terminated.

### How New Contract Affects Business

Under the new arrangements THE BROOM will not be advertised over the air. The audience reached by KGB goes as far north as Paso Robles. To these people "de Aryan Comments" will mean nothing except another commentator. Even in San Diego people who have arrived recently will not know who de Aryan is and that he runs a newspaper. In other words, the advertising sponsorship of the program is lost. As a business getter the program will not pay for itself.

I am going to maintain the program at great personal sacrifice, as a matter of principle and for the public interest, convenience and necessity. It takes work to produce a program, especially when you are not permitted to speak out exactly as you would, had you not to contend with the censorship of the station who passes on your script before it is accepted for broadcasting. The break in the evening's rest by going to the station for the broadcast is labor also, after you chased all day long as the factotum who must gather in news, investigate, trace, sort and compose the various items that go into a newspaper; — besides being the bill collector, hunting up new subscribers and advertisers and having to offer your shoulder to everybody and his brother to cry on, spilling their troubles to you and in too many cases expecting you to give days of labor for the nickel they are willing to spend to buy a copy of the paper occasionally.

I had relied to a large extent on the radio advertising to get me new business and was devoting my time more to investigation and news gathering. Under the new arrangement I cannot advertise over the radio, and you know that all who use the radio do it for its advertising value. The program will not pay at all as far as financial returns are concerned.

I am going to keep it up mainly because I refuse to be beaten. I do not knuckle down to a handful of subversive pawnshop usurers who have no moral or any other scruples when it comes to public life. Their God is Mammon. To them "business" spells robbery and exploitation of the needs as well as the ignorance of their customers. The idea that business is service is entirely alien to them, they cannot conceive of it.

**You Are Expected to Do Your Part**

There is only one path open by which I will be able to continue publishing The Broom. You will have to make it your business under the circumstances to solicit subscribers and advertising for THE BROOM. I am just one man.

### What's the F. B. I. Anyway ?

Dear Mr. de Aryan:

I have just read your issue of May 19th and am very much interested in your story of the interview with the F. B. I. in San Diego. I too had an F. B. I interview which I think may be of interest to you.

Before relating my story I want to tell you something of my views on the war for they have a bearing on the interview. I agree with Mr. Willkie and Mr. Knox. You will probably condemn me for having such wicked views. If you "burn me up", I am quite liable to remind you of your absolute inconsistency on the question of war. You always claim that you uphold the laws of the Jewish God and if so, you should never favor peace.

The information I get about God comes from the Bible and, according to that book, God is, or was, the greatest war-monger the world has ever known. By comparison Hitler is only a piker.

And how about the nationality of your Saviour, Jesus Christ? The best possible break one can give him is fifty per cent Jewish.

So much for that and I will get down to my F. B. I. story: I was in Los Angeles in March and after the passage of the lease-lend bill, I figured that my country was virtually at war and I should do everything in my power to help win. I went to the F. B. I. office in Los Angeles and after waiting for some time, I got to see one of the agents. I told this gentleman that I had retired but was now looking for a job in war work—that I was not looking for a salary—that I am a Mechanical Engineer—a graduate of the University of Minnesota—that I had had a lot of enginering and business experience—that my age, 59, makes me unfit for military duty. I explained that I was willing to do any kind of work anywhere for any salary, even as low as $1.00 per year.

The agent was very much interested. He took my name and address and made notes of education and experience, etc.

I said to him, "I am going to be perfectly frank with you and tell you that I always have been, and still am, an ardent anti-new dealer".

This brought the interview to an abrupt ending and he got rid of me very shortly. I asked him if he could tell me whom to see or to write to, that I might be of service to my country. He informed me that he did not know of anyone to refer me to.

The reason I went to the F. B. I was that I considered it a non-partisan organization and the most efficient of all the Federal Agencies.

The strange thing about it all is that the Operative took the time to record the information about my education and experience and then when he found that I am "wrong" politically, I got the gate.

Is this the way to build National Unity? Is this a private war of the New Deal against Hitler with no place in it for Republicans except in the front line trenches?

Yours very truly,
FRANK C. HUGHES.
Squirrel Island, Maine.

Billions for American Defense—or Destruction?

I dare do the right thing under terrific pressure. As you appreciate the crying need of the day for fearless men and women, you will have to do your part. Appreciation means that you are awake to what is needed. Are you awake? I sacrifice that you may enjoy fuller liberty in these United States, what is your response to it?

Whenever you meet somebody who praises "de Aryan, that fearless fellow", ask them whether they realize praise is cheap and it pays no bills.

Alone I can do nothing, with your help I become a formidable barrier to the spread of subversive doctrine, that we must give up our constitutional liberties in order to "fight for democracy" over there, and lose it here.

## The King Can Do No Wrong !

### FRANKLIN DELANO ROOSEVELT PROCLAIMS HIMSELF

The President of the U. S. A. has issued a proclamation that suspends the Ten Commandments and the Constitution as long as the courts rule his way.

In the name of Christianity he urges the prolongation of the European slaughter as his great "Christian" prototype did in old Byzant.

Verily, it is enough to make every Christian martyr turn in his grave and groan.

Why bring in the name of Christianity when the proclamation is nothing but jungle law! It is the type of "Christianity" Constantine the Great represented, not the Christianity of Jesus. "I Came here to fulfill the law, not to break it", said Jesus Christ, but Franklin Delano Roosevelt has proclaimed an unlimited emergency that he may successfully cover up his machinations that produced and that prolong the present slaughter in Europe.

In the name of the Four Freedoms he spreads fear, fear of the dictatorship of Hitler at a time when neither Hitler, the Nazis nor Germany have committed a single act against the U. S. A. or the interests of the people of America, the whole America, north, center and south. The war is on not for democracy but between two dictatorships, the dictatorship of the gold and silver standard and the dictatorship of the Nazis.

A plague on both their houses!

One is just as abominable as the other.

It is high time for us to look things in the face. Let's emerge from our ignorance and lethargy!

Hitler has been fighting the Jewish usury system that produced every war in Europe since Amshel Myer hired 10,000 Hessians for the King of England and sent them over here to fight the colonists in the original 13 states. He made a profit of two millions in gold. In those days it was a fortune. He considered himself so smart, that he branched out as a banker with tentacles in Naples, Paris and London, finally covering the whole continent of Europe. Amshel kept on hiring Hessians and Swiss mercenaries and kept on fomenting wars among the princes and reaping greater and greater fortunes from the slaughter of the fool Germanic Gentiles. He was smart, he was a superior being, he fattened on the blood of the fools and the descendants of the actual crucifiers of Jesus. It was Germanic mercenaries who in the pay of Rome, upon orders of Pilate, did the dirty work on Golgatha.

And ever since, the curse of war and of Judas have walked hand in hand with Judas taking advantage of the fool German. Brutal cupidity vs. stupid brutality.

The Hessian Kurfuerst made Amshel a baron: Baron Rothschild.

And that is the origin of the international bankers who fatten on the warfare of Europe after they made the original stake, supplying mercenaries to destroy the incipient republic on this continent.

And now Hitler is fighting the war to end wars, armegeddon. He drove the Jewish usurers out of Germany's temple and out of Europe. But with the ingrained German stupidity he and his Nazis place their faith in brute force instead of the nobility and the true power of the divine spirit. In place of the Jew dominated little kingdoms in Europe he is producing one great satrapy. And the Jews are swarming over to the U. S. A. for protection and are arming the descendants of the Anglo-Saxon branch to fight the Hitler branch, in the meantime placing a mortgage of hundreds of billions of dollars on both branches in London and Washington. And the interest from this bondage is what they are interested in.

Remember, under the guise of introducing "Christianity" Constantine the Great murdered his own mother and every member of his family and raised a great army of slaves to fight his brother. That fellow had no more scruples than a ferret. He was a slick politician and psychologist of the rabble masses.

Now the Americas are being regimented to fight Hitler and protect Jewish usury and usurers under the guise of the four freedoms.

Franklin Delano Roosevelt is fooling nobody but himself. He has broken enough laws to be sent to the pen for 999 years. He said so. To save his political face he is throwing the world into the agonies of war. One word from him and a peace could be had right at this moment if CHRISTIAN principles were the motivating power of the President's actions. There is not a thing to be gained by prolonging the slaughter that could not be had today by intelligent negotiation. That will not be had finally after all the fool, bullheaded fighting cocks on both sides of the struggle have wasted their blood for the profit of the Rothschilds and their allied Gentile vultures in this grizzly abattoir.

It is only the **FEAR and the DICTATORSHIP** which the President is exuding when he makes himself King de facto, if not in name, that paralyses Americans into a hypnosis in which state they become puppets of their master in the White House. If bigger and better emergencies are needed to keep his victims in the trance of submission, Franklin Delano Roosevelt will create them. That is the only art he masters, in everything else he is a hundred percent failure.

Ray Tucker, writing in the National Whirligig which appeared the very afternoon of May 27 before the President declared himself King of all the Americas and had his satellites lined up in the Eastern Room of the White House, just as Hitler has his gang lined up when he makes a speech to the world;—Ray Tucker explains what the whole thing is about. Read it:

WASHINGTON,— British representatives in Washington are passing out private word that England will seek a NEGOTIATED PEACE with Germany within three months unless the United States declares war in the meantime. That is the ultimatum which President Roosevelt will have in the back of his mind when he addresses the nation on May 27. England is at the end of her rope, according to private advices from London. . . . Cold Turkey Churchill has told our people that he and the British will hold out if we declare war on the axis powers. Such a move, in the prime minister's opinion, would buck up British morale and lower that of the enemy. It would be, in Churchill's estimate, be the turning point of the war. But unless we go in, and quickly, there is every probability that England, like Vichy, will agree to collaborate with der Fuehrer in the establishment of a NEW EUROPEAN ORDER.

**WHAT ABOUT RUSSIA ?**

And suppose we go in and lick Hitler.

Once the German armies are defeated who will hold Stalin back from swarming all over Europe? Do we propose to place a garrison in every country in Europe strong enough to keep Stalin out? Are we ready to garrison the whole world, north and south, east and west? And every continent? The only way that Jews will be successful in collecting the interest on the world's war debt is by force, as long as they maintain themselves in the political saddle to dictate the economic policy of their subject nations. To do this they will have to staff all nations in Europe, Asia, Africa, Australia and the Americas with their own Keymen as they are staffing and stuffing us with Frankfurters, Morgenthaus, Sol Blooms, LaGuardias and their brethren, the B'nai B'rith, in every key position.

## Who Hates the Jews ?

### An interview with a Jewess

I was having lunch in the Vegetarian Cafeteria. Suddenly I was awakened from my reveries, while reading the TRIBUNE early edition, by a lady who threw her handbag on the table in front of me and placed her tray of food beside it. "I'll keep it right in front of me this time", said she, "so I won't forget it again on the chair when I leave as I did the other day," smiling at me. I was wondering whether I was supposed to know her. Usually when ladies sit down at an occupied table they go through the motion of pretending to ask permission of the occupant.

I could not place her. I returned to reading my paper and she attended to the business of eating. From time to time each one of us scrutinized the other and whenever our eyes met she smiled sweetly. "Am I supposed to know you, madam?" —"I don't think so, we have never met." — "There are so many people who know me, but I cannot remember their identity. At times it is a little embarrassing." I reached over and handed her a copy of THE BROOM.— "Are you the publisher?" — "Yes".

"I have heard plenty of bad things about you. Why do you hate the Jews?" and the way she said it revealed her a Jewess. — "But I don't hate them. I have no use for their trickery where they take advantage of people, but as individuals I have no animosity against them." —"Don't you know all the good things the Jews have done in every country where they lived?" —"Of course, I do. But if you want to talk on general terms, then, be fair and balance it against the bad things they did to every country where they flourished." — "Why don't you go back to Europe? Why don't you join Hitler, if that's the way you feel about it?" — "Why should I? I have no more use for Hitler's dictatorship than I have for Jewish dictatorship. Hitler is copying your abuses. I am here in America to avoid both and you can rest assured I won't keep silent." — "I heard about that, but why not be fair to us?"

Pointing to the headline in The Broom: CORRUPT LIQUOR INSPECTION.—"Do you realize that I am doing what the daily papers fail to do, after they take Jewish money from Jewish advertisers. I am speaking up for a Jew who is being robbed by an employee of the Board of Equalization. Have a laugh at yourself, calling me an anti-Semite. Why don't the dailies speak up for him?"

She looked at the story, read the name, "Mr. Ross? Why, I know them, I know Mrs. Ross quite well. But what are you talking about taking money from Jewish advertisers? There are no Jewish advertisers in San Diego to amount to anything. Marston, Whitney, Walker, all the big stores are Gentile and Kahn's store, Grand Rapids, is owned by a man who married a Gentile woman." — "No need my enumerating the Jewish stores who advertise in the dailies. They spend a little fortune yearly. But while I am being boycotted by Jews; still when a matter of principle comes up, Jew and Gentile comes to me and if they are right I speak up for them and stick my own neck out to give them a break."

And we kept on discussing this and that, and business in general. "Business, why business is robbery", was her opinion about business ethics. "All business is robbery and the smartest fellow gets the most."—"I am surprised to hear you say that. You have been quite reasonable in discussing me and things with me, even in matters concerning your own people; don't say that business is robbery. Not in America." —"But it is, even here in America. It's all robbery and the smartest fellow gets the most, THAT IS BUSINESS," insisted the lady.

"You are in earnest about it?" — "Why sure."

"In America business is service. He who gives the best service is the best businessman."

"No he is not; they all rob and charge all they can get, **that is business."**

"And you wonder why they chased your people out of Europe?"

## Can Hitler Conquer U. S. A. ?

### Ridiculous

POST FALLS, Idaho,— Those who seek to create a war hysteria should pause and reflect on a few tangible figures. England, Scotland and Wales together are smaller than the State of Oregon by 4,299 square miles. Now it is possible for 6,000,000 German soldiers to defeat and occupy England, Scotland and Wales, especially if the Italian army can police France, Poland, Czecho-Slovakia, etc.

Let us say it is possible for Hitler to bring his Army, Navy and Air Force to the United States. Yes, even land, conquer and maintain order without a single casualty. There still would be only two German soldiers to occupy every square mile. That is because the United States contains 2,970,030 square miles. On top of that, there would be 130,000,000 people to forcibly control! Isn't that ridiculous?

## War of 1812 - '14

"Early in the spring of 1814 the British commenced devastating the southern coast. Admiral Cockburn, especially, disgraced the British navy by conduct worse than that of Cornwallis in the Revolution. Along the Virginia and Carolina coast he burned bridges, farmhouses, and villages; robbed the inhabitants of their crops, stock and slaves; plundered churches of their communion services, murdered the sick in their beds."

—Excerpt from, "Barnes Historical Series. A brief History of the U. S., by Joel Dorman Steele and Esther Baker Steele," Edition of 1885, page 167.

## Why "Swope" Wants Us To Go To War

NEW YORK,—Prominent among the numerous Societies, Leagues, Associations, and Committees that are working to drag the U. S. into the war between Germany and imperialistic British Empire (that controls 25% of the earth's surface, gained by piracy, murder and theft), is the Committee to Defend America by Aiding the Allies. The leading spirit in this pro-British propaganda is one Herbert B. Swope, a former newspaper reporter and editor, who seems to have usurped the job formerly filled by Willie Allen White, the Simple Simon of Kansas politics.

Who is this "Swope"? None the less than H. P. "Schwob" of St. Louis, who was ashamed of his Jewish parentage, and changed his name to Swope. I knew him 25 years ago when he was a reporter on the N. Y. WORLD. At that time "Swope" was an associate and fellow gambler with the notorious Arnold Rothstein, professional gambler. I know this because I was an occasional gambler with them.

During our participation in the World War, "Swope" had a job under Barney Baruch of the U. S. War Industries Board. Afterwards he was Executive Editor of the N. Y. WORLD, and it was under his management that the earnings of that paper so greatly decreased that the morning edition was forced to suspend, and the evening edition was sold to the N. Y. TELEGRAM interests.

Of course "Swope" wants war. He wants revenge on Hitler for the later's unjust treatment of the Jews, for although he changed his name, "Swope" cannot change his ancestry. —Whidden Graham.

### The Bayonet

I am a trusted and honored Bayonet,
I tell you this lest you forget
That I love blood, warm flowing blood
That wets the earth with a crimson flood.

I love to hear the cannons roar
That sends dark terror to every shore
And rends the earth with shot and shell
To make of the fields a flaming hell.

The bugle's call, the drum's quick beat,
The waving flag and marching feet
All honor me when a charge is made
And thousands fall beneath my blade.

I have no language: I have no breath
For I hate the living and give them death
As I pierce the heart of the gallant youth
For **I live on Lies and hate the Truth.**

## One For Ripley

An alien, 65 years of age, on entering this country, can work for 18 months, retire, and with his alien wife, receive over $60.00 monthly for the rest of their lives.

The foreigner need never become an American citizen, yet the old-age and survivors' clause of our Federal Social Security Act qualifies him for a large amount every month.

To be technical about it, this 65-year-old alien enters America (maybe as a refugee) and a relative or friend has a job for him. This relative or friend, taking advantage of our social security laws, pays him a top salary of $250 per month for 18 months. Altogether, both employer and employee contribute $90 to the Social Security Fund. After this period, the U. S. Government sends him a monthly pay check of $40.80. His wife, if she is over 65, gets $20.40. Together, they receive $61.20 monthly; and within one month and a half, receive all the contributions they have "kicked in". From then on, Uncle Sam may donate thousands of dollars to this alien couple, while American employees and employers "foot the bill".

This case has been attempted by many; and legally, not a thing can be done about it. This is only one of the loop-holes in our Social Security Act. Congressmen may do well to observe the situation and act upon it.—Wekly Roll-Call.

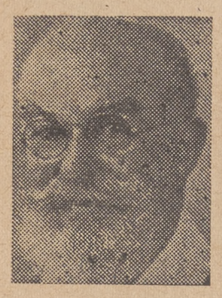
# HEALTH-GERMS

By George Starr White, M. D.

### TYPHOID FEVER

Typhoid fever is an intestinal fever, or an acute intestinal inflammation, accompanied with more or less of a fever.

To be called "typhoid fever", a certain micro-organism must be found in the bowel movements (feces). It is another of those conditions of un-health that comes on and produces a profound disturbance **before** the "specific micro-organism" is to be found.



Dr. Geo. Starr White

Ten persons may drink from the same spring, and one may get this fever, while the other nine would not. This seems to prove that typhoid fever, like all other conditions of un-health, is only possible from a lowered alkaline-reserve, or resistance.

We often read of this and that food having caused an outbreak of typhoid fever. After having investigated such circumstances many times, I am of the opinion that the food was spoiled, or was cooked in metals that produced a poison irritant for the bowels; and that those who were not "up to par" in health were made sick. The intestins try to throw off the irritant; and quantities of mucus, blood, and pus are thrown out.

Such a condition in the intestins makes a breeding place for certain forms of bacteria. If the "soil" were not of the correct kind, the bacteria would not grow there. I have known of persons eating food that was loaded with the "specific typhoid micro-organisms" and not one of them became sick.

Live correctly and eat and drink correctly; and you never need fear typhoid fever or any other serious intestinal complaint.

Loading public drinking water with chemicals to "prevent typhoid", causes more harm to the masses than we have any idea of. Sanitary engineers can make any drinking-water safe without chemicals.

## My Dad's Singing Over K G B

By Fred de Aryan

I asked a girl at school how the broadcast last week sounded, and if my dad spoiled the program. She said that it was very good, and when I asked her about my dad's singing, she said that he didn't spoil the program, but that it was a good thing that my brother warned her and the rest of the audience.

### FOLLOW NATURAL LAW—DON'T FIGHT IT

**The Only True Religion of Man!**

The way a man spends his money shows what he stands for. Buy from those who seek to advance humanity—not from those who seek to drain it of the advancement it has so laboriously attained. Spend your money with those who seek to decentralize power from the hands of the few into the hands of each individual where God Almighty always intended it should be. Only by following God's (Nature's) Law can you possibly advance your own self. Help Man advance—dan't help drag him into the mire. The way you spend your money can do this! Think it over.—C. F. Waegner.

## Motorist Convicted of Homicide Charge

Erie Williams, 37, quarryman, was convicted of negligent homicide in connection with the traffic death of Mrs. June Burns, Feb. 8. He asked for probation and Judge Gordon Thompson before whom the case was tried in superior court, set a hearing for June 20. An earlier trial on the same charge had resulted in failure of the jurors to agree on a verdict.

Mrs. Burns was killed at El Cajon blvd. and Hart st. when an automobile driven by her husband, Jack Burns, and that of Williams were involved in a collision.

Mrs. Burns was the daughter of Clarence C. and Elma I. Chandonia of 3913 Adams Avenue.

## Agnostic vs. Atheist

Dear Mr. de Aryan:

A man may be an agnostic without being an atheist as in the case of Robert Ingersoll and Upton Sinclair. These great, independent thinkers could not accept decadent theology while admitting the possibility of an infinite Cause, "which moves to good". Ingersoll said, "The universe is governed by law". He despised superstition and regarded fear as "the dungeon of the mind". "Courage", he said "is liberty".

Upton Sinclair in a letter to a friend, wrote: "I feel quite sure that there must be a creative energy animating and directing the universe and I suspect that it knows more than I do and has purposes of which I am not entirely able to understand. I think that it is possible to have such an idea without surrendering one's mind to any of the superstitions, whether theological or moral which are found in the old tribal religions. I am very much opposed to teaching these superstitions to children, and I consider them a great barrier to human progress and welfare."

Possibly our friend, Mr. Frank C. Hughes, accepts the deductions of these famous men and in so doing merits the respect of those that may condemn him. In any event it is well to remember what the East Indian said to the British Bishop when the later sought to convert him. "What we know is contained within a small circle; what we don't know is outside of the circle!"

Yours sincerely,
EDMUND K. GOLDSBOROUGH.

## The Revealing Face

The countenance is the portrait of the soul. —Cicero.

He had a face like a benediction.—Cervantes.

In thy face I see the map of honor, truth and loyalty.—Shakespeare.

Truth makes the face of that person shine who speaks and owns it.—South.

A good face is the best letter of remommendation.—Queen Elizabeth.

A cheerful face is nearly as good for an invalid as healthy weather.—Benj. Franklin.

The countenance is more eloquent than the tongue.—Lavater.

It is the common wonder of all men how among so many millions of faces, there should be none alike.—Thomas Browne.

We are all sculptors and painters, and our material is our own flesh and blood and bones. Any nobleness begins at once to refine a man's features, and meanness and sensuality to imbrute them.—Thoreau.

If you wish to have a beautiful countenance that inspires emulation, it can only be attained by inner processes, never by external remedies. And what are these inner miracle-working powers that mould and beautify, but noble thoughts? Thought is destiny. Thought is the moulder of character, and character is reflected in the face. Think beauty. Express all the love you can to others. Under all circumstances keep a serene mind. Never worry, but cast your burdens upon the Great Father, for "He careth for thee". Let the light in your soul shine out and your body will grow graceful and a glory shine through your face.—Leland Brooks.

SPITE seems to be in the saddle in the European war at this time. Both British and Nazi are hammering away at the great cities of the enemy country and the non-combattant citizenship is getting a full share of the horror of war. —Times-Advocate, Escondido.

## MAZDAZNAN SCIENCE & FAITH

**Synopsis of Breath Lesson Number One given broadcast unto all the world. Irrespective of caste, creed or color, aiming toward fellowship, friendship, a brotherhood that will lead mankind to the fount of truth as revealed by Mazdaznan—the only and straight way.**

After some tests and attention paid to Postures, particularly keeping the chest in place and the chest muscles in check the student will readily understand the difference in Chest expansion and Lung capacity; the latter being our aim so as to give freedom to Dynamic development and eliminate all adhesions. It will be readily seen that training certain governing factors of our mechanical organism a certain physical and mental speed may be attained that will assure to the man of the hour all he aims for in this life, assuring to the thinking that he who takes advantage of all God-given powers must win here, now and forever.

The man manually employed should make it a religious habit to breathe out a prayer of the length of the Lord's Prayer upon one single exhalation and do so three times in succession every three hours during the wake or whenever showing signs of fatigue. Those who entertain scruples regarding the Lord's Prayer may select two or more quatrains of Omar Khayyam's Rubaiyat of such Aphorisms that are to one's liking.

After some more good results obtained through these simple practices the better thinking and ever aspiring man realizes the necessity of Systematic Training the same as he does when desireous of becoming proficient in music, painting, sculpture etc.

We shall now be ready to take up the study and Pacrtice of

**Mazdaznan Rhythmic Breath Culture and Health Exercises**

which give a complete outline of the relation of all component parts of the body to that of the threefold nature of the Mind, the endowments of the Soul and the attributes of the Spirit until man's Entity or Ego recognizes the Divine Spark within and with it realizes man's higher Destiny on earth and—as if born again, but born of the Spirit (Breath)—becomes quickened unto a desire born of God, to direct all his inherited talents and those now acquired and acquiring, for the good of his kind and kin and the Glory of God.

All these studies are offered voluntarily, placing no restrictions upon pupils, who remain non-obligatory, as the work of Mazdaznan is absolutely Catholic and purely educational and philanthropic, having but one object in view: **The Coming Race.**

# THE FOUR FREEDOMS... EVERYWHERE IN THE WORLD

**(deAryan Over KGB, Wednesday, May 28, '41, 7:15 pm)**

God moves in mysterious ways His wonders to perform.

It is almost two years and five months since I first appeared upon this station, regularly as clockwork, every week and spoke to you. Most of the time alone and at other times supported by some member of my immediate family. Last week the whole family took part in the program. And how appropriate it was! It was, without us knowing it at the time, the last commercially sponsored broadcast in the series presented under contract with this station.

Last Saturday morning I received a letter from the management of KGB informing me that the company has elected to cancel the contract.

Nothing in life stands still. There is progress everywhere in the world if only we recognize and follow the still small voice of God as it speaks to us through the very occurrences in everyday life. For God is the Father of the Truth and you shall know the Truth and the Truth shall make you free.

All of life here on earth is a training school. Jesus Christ explained it in the parable of the talents. God gave some of us more talents to use, others have less, but everybody has at least one talent and that gift is ours in trust that we may put it to good use. He gave me a sense of right that has been clamoring for expression and for practical exercise. I learned early in life that I must follow this impulse and bring it to fuller unfoldment. The only way that I could do it was to dare to do right in the face of great odds, in the face of opposition by those who do not want right to prevail. But when I failed to do what I knew to be right I became so miserable and so downhearted that life was not worth living to me. And so I determined to risk everything I have and everything I am in the exercise of my sense of right. I have learned to not only speak up for it, but to put it into practice each day in my life as the occasion arose. And that is how it happened that I was pushed out of Europe and out of the old world into this new world which is these United States of America. Here I could exercise my sense of right in a wider field than I had previously.

I could have turned the gifts God gave me, as many other people are doing, to mere acquisition of material fortunes. Opportunity after opportunity was offered me to join with various national corporations in the production of mere material goods and wealth. But my heart is not set on that type of riches. Life is indeed poor when you are surrounded by material wealth but are lacking in spiritual accomplishments. My goal is set for the highest ideal of Man on Earth: the blending of spiritual truth with material mastery.

From your own experience you realize what a hard task it is to hold fast to high spiritual concepts and at the same time make good in amassing worldly goods. Some will say that it is impossible. The good Book says that sooner will a camel pass through the eye of the needle than the rich man enter heaven. The answer to it is that if we learn to use material goods in the service of God and humanity, instead of for selfish purposes, we will have solved the problem. That is my task here on earth. Anything short of it will of necessity merely multiply the ills which make life miserable and poor, in the midst of material abundance as we witness it at present.

With such a task before me, you will realize what a hard path I had to travel and why I am so doggedly persistent. You would be surprised to learn of the million and one experiences that came my way. Instead of amassing material fortune I am rich in the qualties that are so needed in this hour of unlimited emergency. For years, through toil and discipline, I have been prepared for the citizenship of the four Freedoms, everywhere in the world. The only way to freedom is to know the Truth, to love the Truth, to love it with all your heart and all your mind and with your whole being; and then you must dare be a witness unto the Truth whenever it is at stake. That alone insures the four freedoms everywhere in the world.

During the last two years and a half I spoke to you from this station as the editor of a weekly paper on a commercial program to promote the sale of that paper. I made a good job of it. But times are changing. Great emergencies are confronting us and evidently God in His great Wisdom decided to give me a new and higher task. He used the very people who forced me in the first place to broadcast over KGB in selfdefense when they had instituted a boycott against my business,—He used these very people to promote me to still greater work and tasks that demand complete disassociation from commercial gain. Again and again it happens that our enemies are our best friends as long as our Faith does not falter and we follow in the path of Christ.

I talked to the general manager of this station's network, over long distance, and he explained to me that my good friends here in San Diego, the ones who are determined to take me off the air and silence me forever, if possible, had written to him and that under the circumstances he decided that it was best to cancel the commercial contract by which I was promoting the sale of a weekly paper. But when we discussed the purpose of my activities in the public life of San Diego, he assured me that none of my constructive activities would be curtailed as far as his broadcasting facilities are concerned. He assured me that the system which he manages is licensed to promote the public interest and it is always at the disposal of any citizen who works for the public interest.

Tonight I am speaking as a free American who emerges from the restraints and implications of a commercially sponsored program for the sale of a commodity, to proclaim the higher ideals of the Four Freedoms, everywhere in the world, beginning with America First. I hate dictatorship as no man dares hate it more effectively. I hate it so strongly and so truly that I never submit to it. Our greatest enemy is fear; and how true this is. I fear no man, no devil and no dictator. . . . anywhere in the world. I am speaking to you as a free American who wholeheartedly endorses the four freedoms, everywhere in the world. I cannot make other people think as I think, live as I live. If I tried to force my views upon them I would impose tyranny. Everyone of us has to free himself from fear and exercise the four freedoms. Be yourself! Speak the truth, don't be afraid! How else can you establish freedom of speech, everywhere in the world?

Our Lord Jesus Christ pointed the path to freedom, everywhere in the world. He explained fully and clearly that if we do not use the gift of God to glorify Him here on earth we shall lose even that which we have. I am appealing to you as Americans to utilize the gift of free speech which the Constitution has given us and which everyone of our public officials has sworn to uphold and respect and even sacrifice his life and substance to protect. If you do not live as an American and stand up to bring out that which is right and which will insure the defeat of dictatorship, how do you expect to keep the bells of freedom ringing, everywhere in the world?

What the world needs today, in this unlimited emergency, is the revival of that Christian spirit of the founders of this republic which they expressed in the closing paragraph of the Declaration of Independence. — Let's rededicate ourselves to it, and "with a firm reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor".

SOLO— Dad.

FRED—Mother, aren't you going to sing the Hebrew Lullaby, as you promised?

MOTHER—No, Freddy. I was not able to get the music ready.

FRED—What do you mean? Don't they have the melody printed?

MOTHER—Yes, but I have to have it transposed into a lower key because it is too high for my voice.

FRED—Can't you do it?

MOTHER—It's much too complicated a job for me to transpose the whole accompaniment. Unless somebody volunteers to do the work we'll have to forget it.

FRED—Mother, what is a Phenix bird?

MOTHER—It's a legendary bird that is supposed to live in the Arabian desert. When the time comes for it to die it goes up in flames only to rise again from its own ashes. Why do you ask?

FRED—I heard some people say that daddy is a Phenix bird, and the more they burn him up the higher he flies; so I wanted to know what they meant.

## Shall Everybody Sacrifice ?

Dear Mr. President: I listened to you the other night when you told us that in order to protect democracy we must all make sacrifices, and I believed every word of it. Most of my friends believed it, too, but a lot of . . . boys in the army . . . are asking questions.

My son is making a sacrifice. He had a job that paid $50 per week and he is now getting $21 per month as a selective service soldier. I and all members of my family are making a sacrifice too, because this son contributed a large part of his wages to help support his younger brothers and sisters. My own income is not nearly as great as was his, so you can see that all of us are making a sacrifice. All of us do this gladly . . .

The chap who now has my son's old job is joining with a group which demands a wage boost of 25 per cent. If they get it, the wage increase would be about double what my son is getting in the army. But he was satisfied. He worked for a corporation and belived he was treated fairly. I recently read the annual report of this same corporation and discovered that if employees last year had received 25 per cent more in wages, there wouldn't have been anything for the stockholders. Is it your idea that the corporation stockholders, soldiers and their families shall make all the sacrifice? Is that chap who got my son's job making the kind of sacrifice you are talking about?

And another thing about which the fathers and mothers are talking is the system now in effect which seems to promote the idea that if a man does not wish to join a union he can starve to death. I believe that a man has a right to belong to a union if he so desires, and I am willing to fight to defend that right. But I also believe that a man has a right to stay out of a union if that be his wish, and that the Government should defend that right. . . .

When C. I. O. and A. F. L. members will not handle material made by each other; when both organizations refuse to handle material made by non-union labor, is the Government promoting democracy by letting them get away with it? If we have a democracy, why are not men free to work without interference by other men?

The boys in the army are wondering whether it might not be a good idea for them to refuse to sleep in a union-made tent, carry a union-made gun or fire union-made ammunition. Would they be protected by you in the same way you are protecting men who won't handle any non-union materials?

I don't believe you know these things, Mr. President, and it is because I think you should know them that I am addressing this public letter to you. If I have the wrong idea, and these other people who believe as I do have the wrong idea, won't you set us straight? If we happen to be right, won't you do something to straighten out the mess?

FATHER OF SELECTEE.
—(From Coatesville (Pa.) Record)

**Printer's Note:**— Hell no! he won't do anything to straighten it out, on the contrary, I charge that he will do, as he has been doing, just the opposite, to make a worse mess of things to continually disrupt the morale of the nation so that more and more unlimited emergencies can be declared, so that the people can be more confused and bunked into a fear-frenzied hysteria!

"Ha, ha, ha ! . . . . I committed enough illegal acts as assistant Secretary of the Navy to send me to the penitentiary for 999 years . . . , but we declared war and that made it right . . . "

### WILL YOU BE THERE TO SEE HIM DIE ?

Carpenters working day and night—
Making caskets gay and bright.
In one of them will your son lie?
Will you be there to see him die?

His eyes blown out by poisoned lead,
His right arm hanging by a thread,
His body lying in the mud,
As from his belly oozes blood—
Your blood, the birthright of your womb
Crimson anointing for his tomb?

Will you be there to see him die,
To hear his last faint moan and cry:
"O God, is this democracy,
This death those devils planned for me
Safe at their desks in Washington?"

Then, mothers, if you have ason,
Leave tasks behind, and, yes, today,
Be quickly, quickly on your way
Before those vultures pass the bill
Whose purpose is to maim and kill,
As Caesar rules with iron hand,
And death swoops down upon the land.

Make haste, then, with no instant lost,
Lest life by gold is double-crossed—
Inaction bringing thru the years,
Regret that finds no balm in tears,
But only pain, remembering,
You failed to do the one last thing
That could have saved our liberty,
And kept your dead son's future free—

Carpenters working day and night,
Making caskets gay and bright.
